

ELECTRONIC AIR PURIFICATION SYSTEM

AP500

Powerful and inconspicuous, the AP500 electronic air purification system is designed to target smaller rooms with the proven benefits of ActivePure® Certified Space Technology™. The AP500 works as a stand-alone unit or as companion to the Sanctuary unit for a more complete treatment. An anti-theft mounting option makes it perfect for offices, restrooms, and other moderate sized areas up to 500 square feet. AP500 utilizes a combination of ion generation and our proprietary ActivePure Technology to effectively treat interior air and exposed surfaces. A standard 120 volt outlet on the side of the unit allows for mounting over an existing wall outlet without inconvenience. Includes a removable, washable filter.

HOW IT WORKS

- Utilizes a combination of ion generation and our proprietary ActivePure Technology which has been shown to substantially reduce odors, visible smoke in the air, and microbial populations on surfaces*
- ActivePure Technology consists of a special UV light and photocatalyst target, which creates an Advanced Oxidation Process containing several friendly oxidizers
- ActivePure® is the only Certified Space Technology that continuously protects and purifies the air, and attacks contaminants on all surfaces

SPECIFICATIONS:

Electrical	120V~, 60 Hz, .18 amp, 13 watts*
Mechanical	One control switch, on/off
Dimensions	6"W x 12"H x 4"D (15.24 cm W x 30 cm H x 10 cm D)
Weight	2.9 lbs (1.3 kg)
Coverage	Up to 500 sq. ft.

*Our products are not medical devices and are not intended to diagnose, treat, or cure any disease. We make no claims and no claims should be inferred as to the efficacy of our products to sanitize, disinfect or kill germs or other antimicrobials.

NOTE: This unit does not meet California requirements and cannot be shipped to California.

BENEFITS

- Powerful, inconspicuous air freshener system
- ActivePure Certified Space Technology destroys up to 99% of all surface and airborne contaminants
- Ion generation to ensure particulates are removed
- Treats areas up to a 500 sq. ft.
- Compact, natural air treatment system
- Plugs into standard 120 volt electrical outlet
- No wiring required
- Low maintenance
- Anti-theft mounting arrangement
- Purifies air and reduces particles that can irritate allergies and asthma
- Removes VOCs (Volatile Organic Compounds)
